

ELVIS H. BOGSANGIT JR.

Website Developer

✉ bogsangitelvis@gmail.com ☎ 09555261873 📍 Dao, Pagadian City, Zamboanga Del Sur

🖥 My Website Portfolio <https://junzel15.github.io/Elvis-Portfolio/>

I'm a 27-year-old resident of Pagadian City, located in the province of Zamboanga Del Sur. Holding an Associate Degree in Information Technology from the SouthEast Asia Institute of Local Governance, I don't have company work experience in Web Development, but I have Skills Tech Stack in Web Development. I'm deeply passionate about pursuing a career as a Website Developer. Determined to fulfill this ambition, I dedicate significant time and effort to honing my skills in coding and project creation within the realm of Web Development. Through continuous learning and hands-on experience, I am steadily advancing towards my goal. I firmly believe that patience and persistence are the cornerstones of success in this journey.

Experience

- **Engineering Aide B (National Irrigation Administration)** 2018 - 2020
 - Maintained project materials and utilized blueprints, schematics and specifications. Maintained timely and accurate oral and written technical reports of engineering activities. Utilized skills in AutoCad to complete new work and update designs. Attended meetings and site locations to gather data for project work.
- **Computer Technician (PGO Office)** 2020 - 2021
 - Reviewed support cases for technical and troubleshooting accuracy and identified needed process improvements. Identified hardware issues caused by component failures using approved diagnostic tools. Configured computers to network drivers and connected to printers and other peripheral equipment.
- **Service Technician (HSNP INC.)** 2022 - 2023
 - Reviewed support cases for technical and troubleshooting accuracy and identified needed process improvements. Identified hardware issues caused by component failures using approved diagnostic tools. Configured computers to network drivers and connected to printers and other peripheral equipment.
- **Front-End Developer** 2023
 - I'm a self-taught front-end developer, I am passionate about leveraging my creativity and technical skills to craft engaging digital experiences. With a solid foundation in HTML, CSS, JavaScript, Bootstrap and React JS, I am eager to contribute to projects that push the boundaries of web development and user interface design.

Education
